DESCRIPTION OF BENETEAU OCEANIS 37

A stylish, comfortable and really spacious sailing yacht, typical of French-built Beneteau boats. The Oceanis 37 combines modern design with timeless elegance, making it a highly sought-after model.

The interior is spacious and filled with natural light, with additional hull windows.
The saloon features a large table with comfortable seating for an even larger crew.
A well-equipped L-shaped galley is located to port, including a large fridge.
The navigation station is to starboard.
The spacious forward cabin features a wide double berth and ample storage space.
Aft, there are two roomy cabins with lockers, and to starboard a bathroom with shower.

The Oceanis 37 has a spacious cockpit with comfortable benches and a sturdy folding-leaf table.
The aft bench can be opened to provide easy access to the bathing platform and passage to the dock.
A convenient cockpit bimini provides protection from both sun and rain when needed.

The furling mast and deck layout are designed for easy and safe sailing, even with a smaller crew.
The boat is equipped with a bow thruster to make manoeuvring in harbour easier.

This Oceanis 37 is in good condition, with no significant damage or history of grounding, and has never been used for chartering.

The boat is being sold from the estate of its second owner and is available for viewing in Helsinki, Finland.
